MIDNIGHT SUN

BOURBON | CHOCOLATE | RARE MALTS

Savannah's native son, Johnny Mercer, put his hometown on the musical map with such songs as "Moon River," "Midnight Sun," and "Days of Wine and Roses" . "Midnight Sun" was one of Johnny Mercer's most beautiful songs. Mercer had written almost the entire lyric for "Midnight Sun" in his head during a two hour drive from Palm Springs to Hollywood after hearing Lionel Hampton's recording of the music on the car radio.

BOURBONOLOGY

Inspired by Savannah's son, the legendary Johnny Mercer and his love for Bourbon, The Midnight Sun Bourbon & Craft lounge is a tribute to the quintessential American spirit of our times. Meant to be enjoyed by one and all, at the Midnight Sun Bourbon & Craft Lounge we have carefully selected small batch bourbons and rare malts which attempts a revival of the culture that had once faded.

Whether you are a connoisseur or someone simply looking for something fresh, with over eighty different selections to choose from, there is a fine bourbon or rare malt for the most discerning palette. Our signature cocktails define the inspiration behind our mixology which has been to find the silver lining between forgotten recipes and new age infusions using bourbon with fresh and sustainable ingredients.

Taking your experience a step further, discover a whole new level of indulgence when you pair your favorite American spirit with an array of chocolate decadence, courtesy of Savannah's local chocolatier Savannah Sweets

In 1964, when the United States Congress recognized Bourbon as a uniquely American product, they were just acknowledging what a lot of people already knew as a fact.

As America's only native spirit, Bourbon stands in a class by itself. A little over 200 years ago when farmers began making whiskey out of native corn, they were unaware that their labors would ultimately play a role in American history.

Regrettably, many of the particulars of their stories have been lost to time, since those who live history don't always take time to write it down.

What has been preserved, however, is a colorful and important part of our nation's story that details how "corn liquor" evolved to become Bourbon and why it deserves to be called The True American Spirit.
